To: **Hiring Manager**
Attention: **Michelle Valentine**
Subject: **Letter of Recommendation**

Dear Hiring Manager,

It is my pleasure to strongly recommend Michelle Valentine for the intended position. This letter is presented as a professional reference and it is my intent to showcase Michelle's talent and provide my personal recommendation.

My name is Eric Flores a Project Manager at Siemens Smart Infrastructure. I have been apart of this organization for over 2 years with previous experience in industrial controls and manufacturing management. In my operational experience Michelle is strong standout and a key member of our organization.

Michelle was hired about a year before me, her experience and ability quickly became evident. Michelle's presence and passion for learning and sharing knowledge helped to instruct me to understand the graphic development process. Over the years Michelle has proven time and time again to be a clutch team member. Her dedication has assisted in the execution of a number of major graphic projects with our NorthShore University HealthSystem account and Northwestern Medicine accounts, two key accounts and valuable partners in the Chicagoland area.

Together we have completed over 30+ projects with graphical designs and helped develop a new standard for graphical representation with our customers including, but not limited to developing and implementing a brand-new graphical display product with our Desigo Control Point. Michelle took it upon herself to learn and understand the new product intuitively and was able to collaborate with the Zone Operational Team for implementation, even go so far as to reach out to the product manager and gather further detail to help implementation.

While Michelle's personal drive and attention to detail are skills to impress her compassion for her work and dedication to others is what makes her a standout. Michelle brings a positive attitude to work every day, she is the type who drives one to work harder, which is wonderful. She is type of person to stay with an issue and bring results in a timely manner, her work ethic is well known throughout the Chicago branch.

If any further information is needed or examples of our work please do not hesitate to contact me at my mobile number listed below or by email at flores.eric@siemens.com. Hopefully this recommendation letter provides insight to her ability and passion. I would be happy to further elaborate on any details or questions herein or my experience working with Michelle.

Sincerely,
Eric Flores

Associate Project Manager
